

WESTERN RED CEDAR

Only high quality, #1 grade WESTERN RED CEDAR is used in the construction of our custom wood fences. This product is used not only for its beauty, but it has proven best to withstand the extremes of the cold northern winters and hot, wet summers. Cedar also gives you the options of sealing, or coloring, to accommodate your design needs.

Choosing Your Style

There are many designs and picket styles to choose from. Picket style options are 1"x 4" & 1"x 6", with various cut options; Concave and Convex, Dog-ear, Flat, Gothic and French gothic. Please see the reverse side for a list of designs and picket styles available.

1" x 6" x 6' Concave top, solid pattern (stained)
